

A Field Test—The Haiti Project

#5 in the series *Dangerous Wonder: Are You Willing to Risk It All?*
January 29, 2012

Why should we go to another country?

Why should we go to Haiti?

What will we do?

What will God do?

RVCC GO Global Mission and Strategy

We are going into the global world to help as many people as possible glorify God by experiencing and sharing the incredible life He has planned for them by partnering with international leaders to create strategies and develop churches that reach people for Christ, equipping and encouraging them to:

1. KNOW God and His ways
2. GROW in Christlikeness and community
3. GO share the gospel and serve the church and the local and global world.

We accomplish this in three ways, by:

1. Praying
2. Giving
3. Going

And when we GO, we do three things:

1. Support the work of local, like-minded churches to fulfill their mission (evangelism & church planting)
2. Partner with nationals in service and love of their neighbors (mercy & justice)
3. Equip and encourage business leaders to influence their areas with opportunities and resources (economic development)
